STEP 5: Now right-click on the ZIP file and extract it.

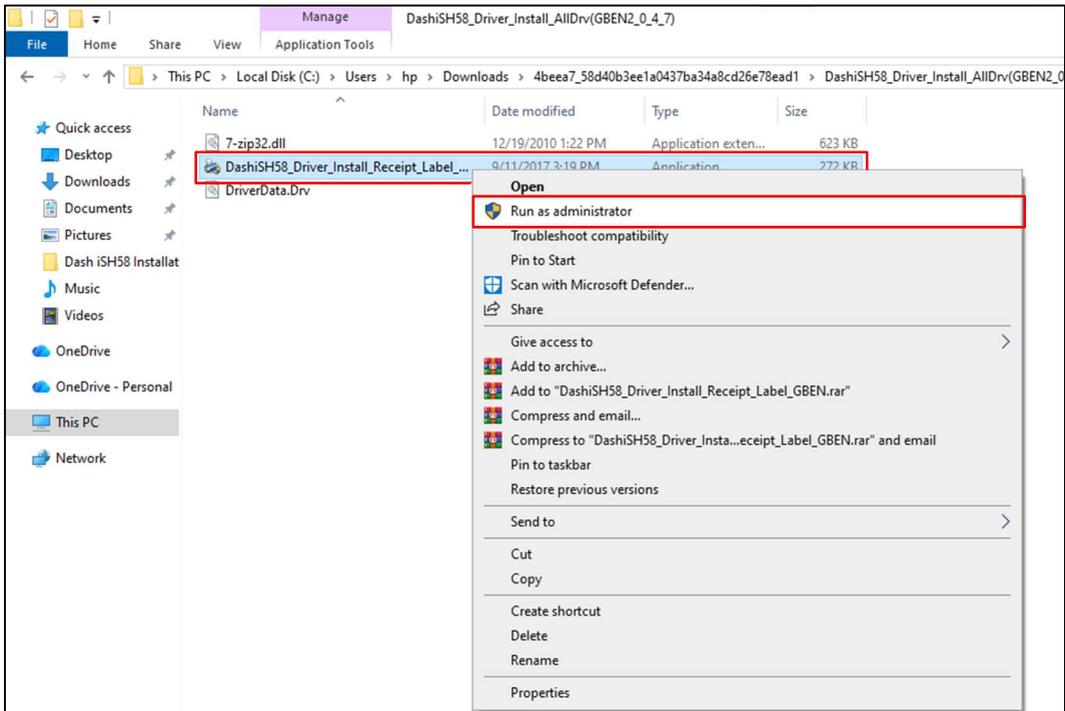

STEP 6: Now open the extracted folder.

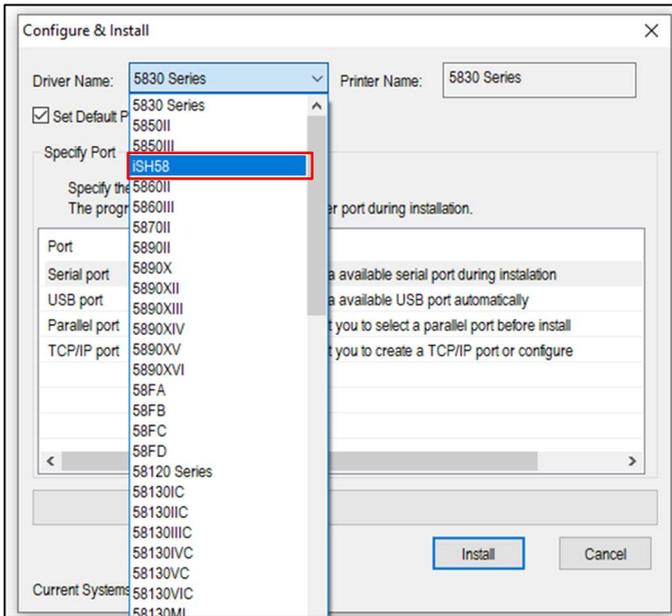

STEP 6: Inside the folder, you will find another file. Please open that file as well.

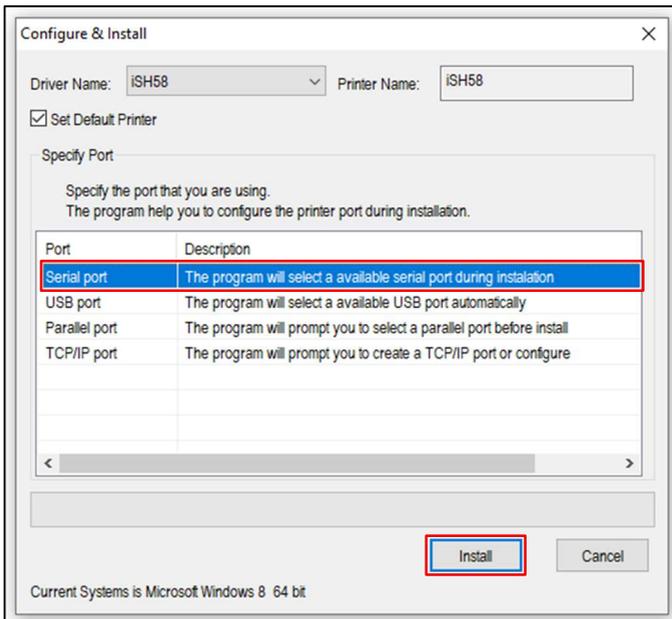

STEP 7: Now right-click on the driver file and click **Run as Administrator**.

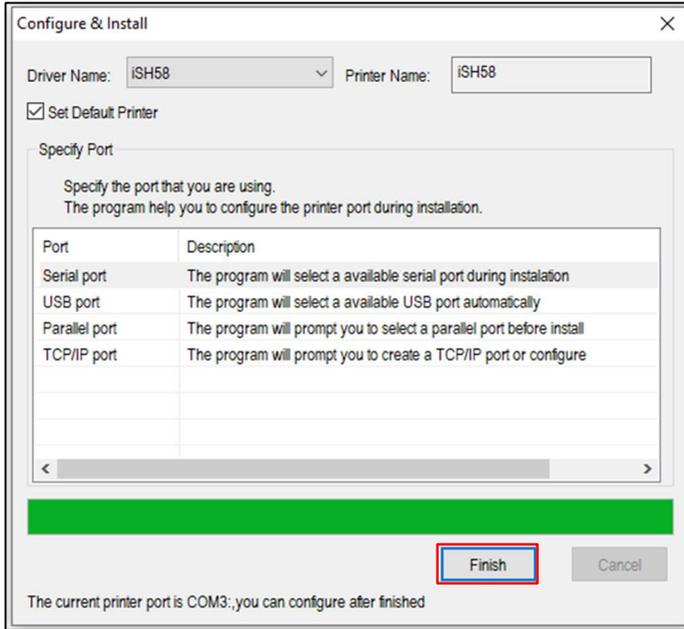

STEP 8: Now select **iSH58** in the driver name list.

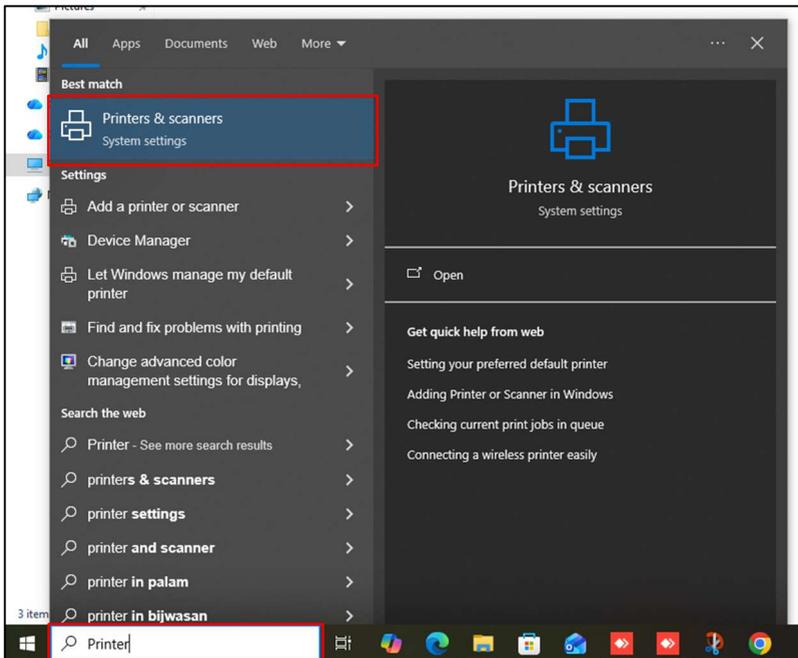

STEP 9: Now select **Serial Port** in the Specify Port option and proceed with the driver installation.

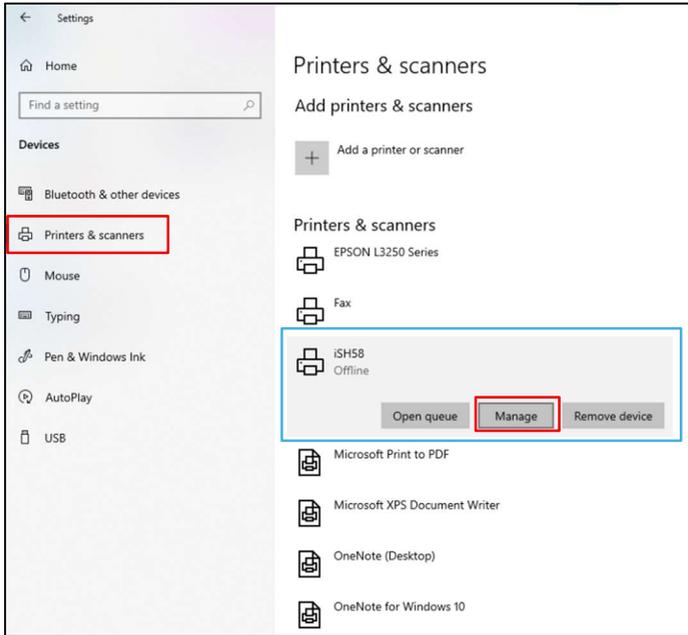

STEP 10: After the driver installation is complete, click **Finish** to complete the installation.

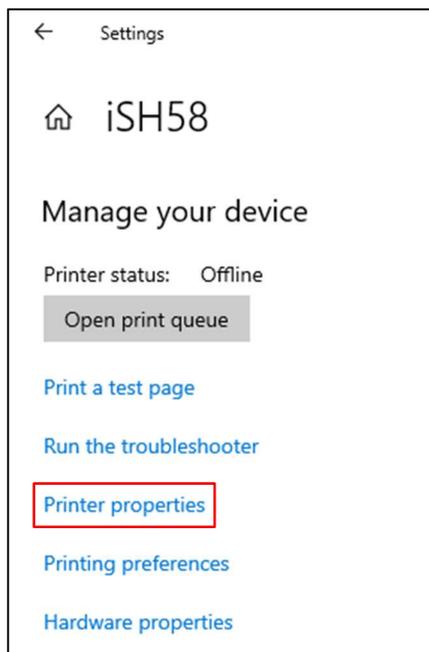

STEP 11: In the Windows search bar, search for Printers, or go to **Settings** → **Devices** → **Printers & scanners** to open the printer settings.

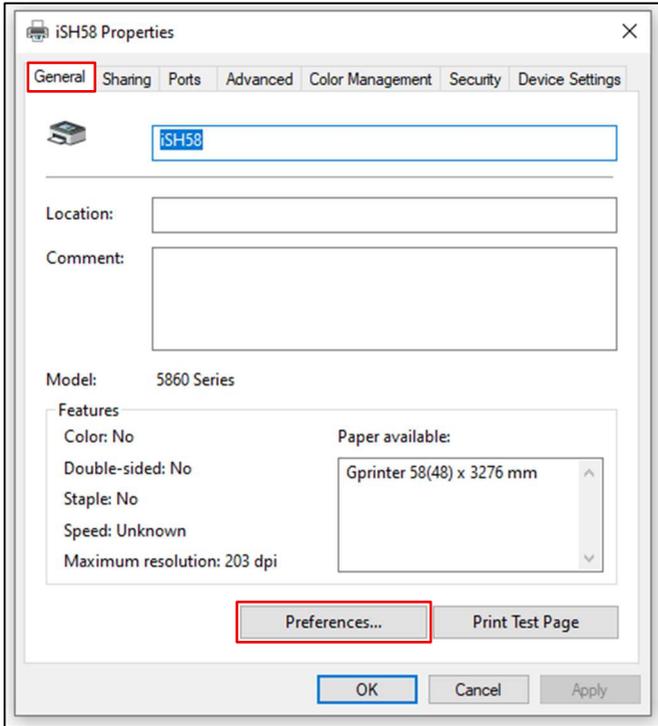

STEP 12: Now, in Printers & scanners, find **iSH58**, click on it, and then click **Manage**.

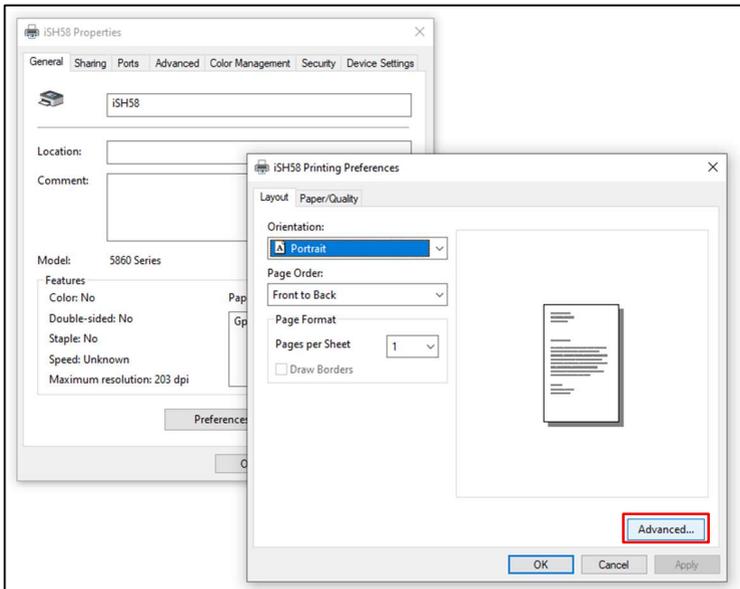

STEP 13: Now, in Manage your device, click on **Printer Properties**.

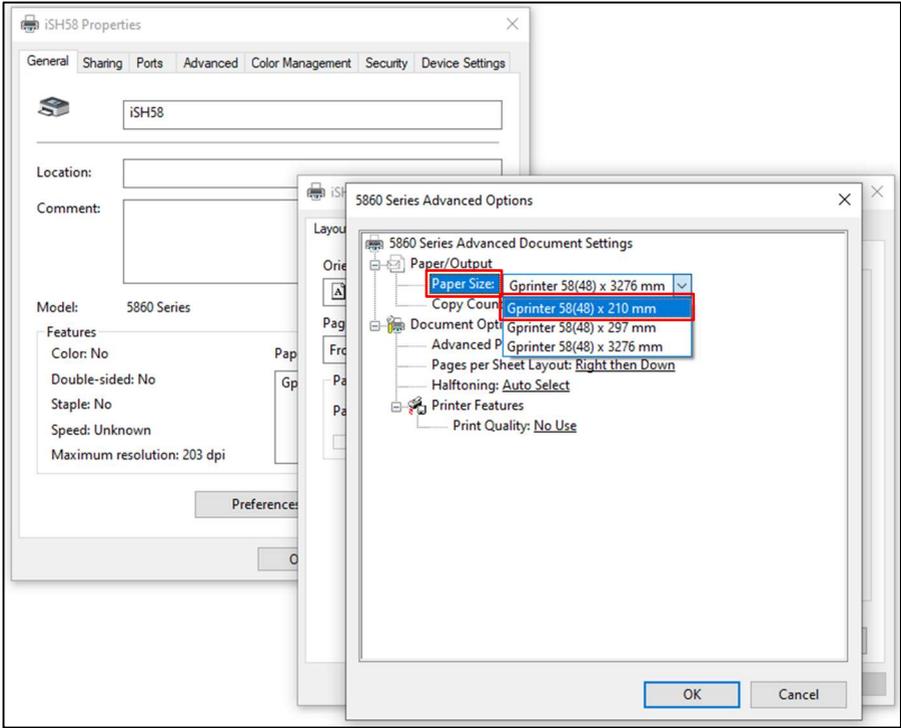

STEP 14: After the Printer Properties window opens, go to the **General** tab and click on **Preferences**.

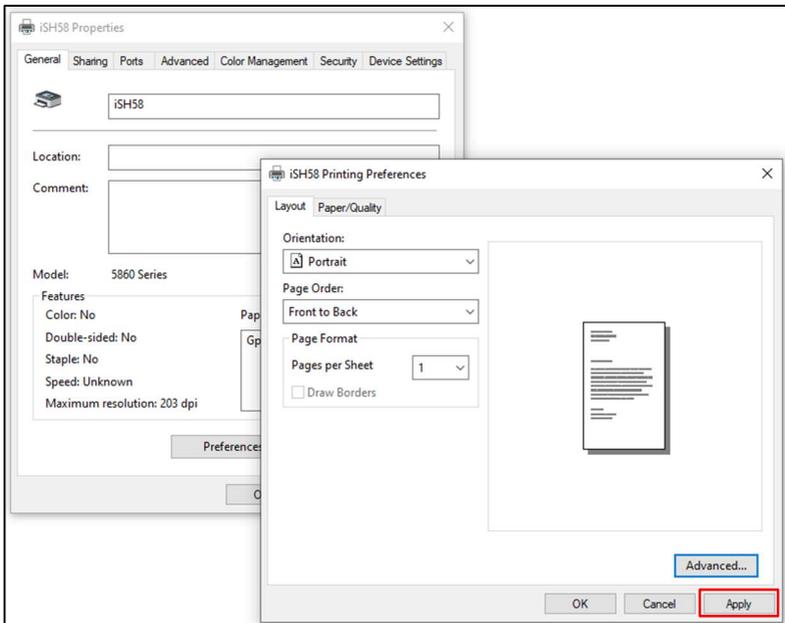

STEP 14: After that, click on **Advanced**.

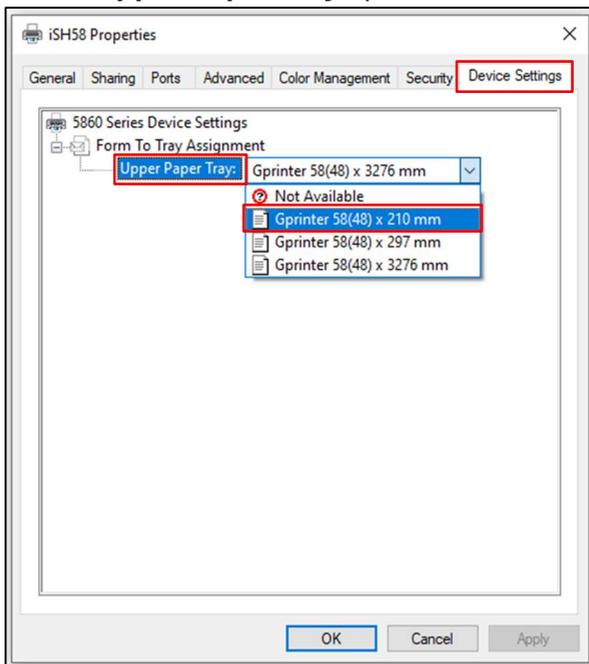

STEP 15: Next, go to **Paper Size**, select **Gprinter 58(48) × 210 mm**, and click OK.

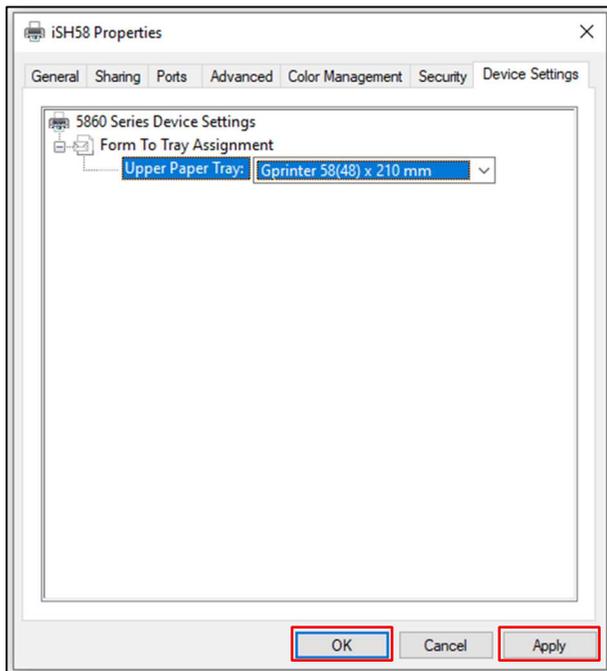

STEP 16: Now click **Apply**, then click **OK** to save the layout settings.

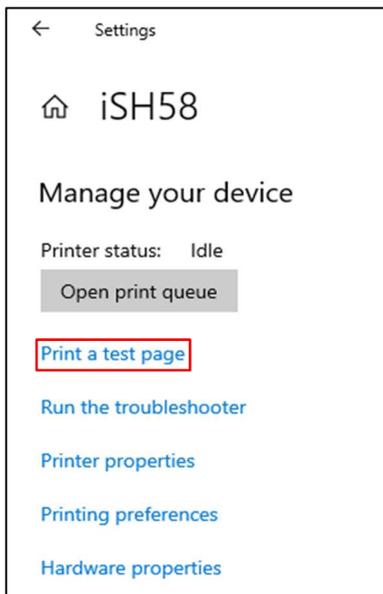

STEP 17: In Printer Properties, go to **Device Settings** and select **Gprinter 58(48) × 210 mm** in the **Upper Paper Tray** option.

STEP 18: First **Apply** and then click **OK** to save the settings.

STEP 19: Your printer setup is now complete. Click on **Print a Test Page** to verify the printer is working properly.

NOTE:

- If the printer status is showing **Offline**, turn the printer **OFF** and then **ON** once.
- When printing for the first time from your portal, you must check the paper size. The paper size may vary depending on the portal.
- If the paper size is displayed correctly but you get an error while printing, reduce the paper size slightly—your issue should be resolved.
- If the printer still does not work after following all the steps, please visit the mTm HelpDesk. The HelpDesk WhatsApp option is available on the mTm-Store, where you can easily contact us.

mTm Store: <https://www.cspbank.in>

The screenshot shows the mTm Store website interface. At the top, there is a navigation bar with the logo, 'DaSh Store' branding, and links for Home, mTm-Shop, Downloads, About Us, and More. A search bar is located on the right. Below the navigation bar, a 'Filter by' sidebar on the left lists categories like All, Counting Machine, GPS, Speaker, and Bank, along with filters for Price, Color, Antenna, Bank, Size, and USB EXT Cable. The main content area displays a grid of products:
